Biography:

Looking forward to getting back to Elgin to see how people and places have changed (or not) in the last 50 years. Here is a brief synopsis of my life, in more or less reverse chronological order: for the last 8 years or so, life has consisted mostly of flying back and forth between homes in Anchorage, AK (where moose wander through a back field against a 380 degree backdrop of mountains) and Portland, OR (until last year, San Francisco, CA), to spend time with 2 daughters and 4 grandchildren (boys 8 & 11 + boy & girl 5). Retired completely from business lawyering last year after 15 years in a big law firm, followed by an equal number of years in own firm of 8 lawyers and a long wind down in solo practice (with a few entrepreneurial ventures mixed in), in RI on the east coast. Interesting career filled with large contracts, complex matters, much international travel and more than a little political intrigue. Went into law directly from the University of Michigan where I originally went to play basketball. Gave up basketball the 3rd year there, but came away eventually with undergrad, grad business and law degrees, as well as a lovely wife and partner of 46 years. It has not been all good times but on balance it has been good. And no major health problems yet. I wish the same or better for all of my EHS classmates.

Biography: Hi EHS Alums. I look forward to our weekend of fun. Thanks for the turn out. We've been meeting now, gee, since 2014?? So, those of us on the working committee have a little head

start on ya'all. But, I say, let's get this party started. BTW, it's not too late to grab those that are missing. Please comb through your contacts, social media, Facebook, Instagram, snapchat, etc. for any thread that could turn up '67ers. If you have any threads you'd like for us (me) to chase down... just let us know. So... I graduated, spent some time working at various jobs while I coasted through various draft statuses of A-1 or E-2. Went to UW Lacrosse for spring semester. Did surprisingly well, considering I was there to see my Elgin friends and, oh ya, it was 18 drinking age then. The various jobs were Neil's paint store, Premier Flower Shop as delivery driver and all-around grunt; Sherman Hospital in the ER and Surgery, again as grunt; construction on a foundation crew (I lasted 3 days) and on a sewer crew (did better). The next summer I rented an old farm house out on Bode Road with I think Rodney Collins and Rooney for \$30 a month. It had no hot water and we called it "Zackly" house and if you ask me this summer I tell you stories about the place and how it got its name. That was the summer we started jumping out of planes way out in Hinckley. Jim Whiting met a jumper at the county fair and was so enthused he made me come along to bolster his courage. We signed up and then when it was time for the first static jump, Whiting made me go first. I ended up with over 200 jumps and Whiting went on to do 1,000s and actually, died in Hawaii in a plane crash while jumping. It was soon after that, in the summer of love spent at the Quarry (SElgin) and partying, that Jim Court and I decided to visit the new apartment of two crazy girls that graduated St. Eds '68. I fell for one, we dated and then some months later, I had an out-of-body experience and actually heard myself proposing... yikes. It was to Deb Scott and we have been continuously hitched ever since. She and I lived in various apartments in Elgin. Deb worked at Jewel and I was driving school buses and over-the-road water bed trucks as we were both going to ECC. Then I got a job in entry level management for a firm that made batteries for Sears... and, boy, I learned why I never wanted to have anything to do with corporate America. Shortly after that, it dawned on me that my Dad's business, real estate, might be a good place to spend some time. We moved into a small apartment in St. Charles in 1973. I went to work for Dad. My brother Jim joined up too after his Navy thing and UOI Champaign. And... then life happened and is still happening. I'm still a REALTOR with the company. It's a small company, but we have worked hard, earned a good reputation I think, and out-survived many of our competitors/collaborators. Deb and I had two kids, Joseph (81) and Christine (86). Both still live in the area, are unmarried and we have no G-kids. Joseph graduated from North Central Naperville and works for Garfield Farm Museum; Christine graduated St. Olaf and is working for me as the 4th Coleman Land Company generation. We live in Wasco out west of Randall Road. And that's all folks.... think reunion.

Short Biography: I'm basically doing the same things I did 50 years ago- writing stories and making art! I am having the best time! I have my own art studio and gallery which would make Mr. Lange and Mr. Vandergrift reel in shock I reckon! Thanks to Facebook, I think I talk to more classmates than I did in school. I spent most of my time in the art room and I'm still coming into the studio and making something about everyday. Ive had to move my art studio 5 times so I finally bought my own building! I'm in the process right now so I hope I'm all settled by the time the reunion comes. I am so looking forward to seeing everyone! And I hope you can stop in and see me in Chetek, Wisconsin!

Biography:

I'm happily semi-retired from my business of preparing people for graduate school entrance exams. (Look for my name on the Barron's LSAT Prep Book and the Barron's MCAT Prep Book next time you're in a bookstore!) Now I get to spend time with my granddaughter

Aliya (11 yo) creating things in the kitchen together or taking her to the park with our dog Baxter. I've lived on 10 acres in the mountains here for over 25 years. Lots of gardening fun. Our weather allows us to spend time outside almost every day of the year. I'm also dancing alot (Irish set dance, English country, waltzing, tango, swing, contra) and play various kinds of folk music on the accordion until someone tells me to shut up. I've traveled a lot to Eastern Europe, including Slovakia, Czech, Poland, Ukraine, and Romania. I play a lot of Eastern European folk music and like to play on the streets there. I still like learning languages, even at our advanced age! My most recent one is Romani ("gypsy" language) and I spent some time with a traditional Romani family in Romania. I've got two novels on Amazon - Death by Haggis and Annie Gomez and the Gigantic Foot of Doom. You can read more about them and even buy them at cuttsbooks.wordpress.com. Lately I've been writing a lot of short stories. You can find some of them on wattpad.com under my name. I really enjoy "telling tales" and making stuff up. Thanks, Mr. Foster!

Short I seem to remember reading somewhere that a friend of E.B. White advised him to "spare the reading public your little adventures in contentment." While White apparently ignored this advice, I will take it to heart and just say that I feel fortunate to have my wife Eve in my life and that for most of the past 50 years I've been a fairly happy & contented little curmudgeon

spending most of my time in relatively wild regions of Idaho, Montana, Washington & Alaska. I have at one time or another been one or more of the following: fisheries biologist, airport lineman, ranch/farmhand, cedar rat*, fly fishing shop clerk, fly fishing bum, artist/illustrator, printing shop machine operator and probably a few other things I've chosen to forget. Through it all, I have been successful in managing to avoid much Fame & Fortune. So -- just move along, folks - nothing much to see here. *The noble profession of the Cedar Rat involves slogging through dense & swampy forest while carrying heavy chainsaws, mauls, wedges, mallets & frows, etc. in search of old slabs of fallen cedar trees to dig up and cut & split into chunks to sell to the shake & shingle mills. It's not nearly as much fun as it sounds.

Short Biography: Hi Everyone! Wow where did the years go! In a blink of the eye, 50,years have passed. Seems impossible.. but here we are, and here I am, ever so grateful and thrilled to be writing a "Bio" for this momentous reunion. So here it goes... In 1968 I began a 9 year career with American Airlines. It introduced me to the world and to the man I married. I transferred from Chicago to NYC where I was married in 1976. The next 7 years we were blessed with

four children, David, Elizabeth, Matthew & Adam. During those 7 years we moved from NY to Laguna Hills CA back to NY and happily ending up in Franklin Lakes NJ. Even in high school I dreamed of traveling but this was not exactly what I had in mind ! Careful what you wish for! Lol. In 2004 a loss that broke my family's hearts.....My husband lost the battle against Amyloidosis, a very rare disease. His love of family lives on in our children and even though he wasn't here to see any of our grandchildren born they are being taught his consistent phrase, "There is nothing more important than Family" I have truly been blessed from the beginning of my life. It all started in Elgin Illinois....how does it go? You can take the girl out of the Elgin, but not the Elgin out of the girl. I am still dreaming of those Burn's Malts, Morris Bar-B Que, EHS A Cappella choir, working on the Maroon !!! And of course, all the great times we had as the Class of '67PS...I still wear the Elgin Watch my Dad made when he worked for Elgin Watch Factory...Timex has nothing over on my Elgin!!!! And "yes" my kids were taught to be Cubbie fans too !!!! How fortunate they only had to wait 30 plus years.

Biography:

Went to college at Whitewater in Wisconsin, then moved to Milwaukee and went to grad school while working for an MSW degree. Moved to Oregon in '79 to work at Oregon State Hospital as a clinical social worker. Then worked as a Behavioral Consultant for county schools, before later going into private practice as a therapist before retiring a few years ago. I now volunteer at the local humane society (mostly dog walking), and am an activist in land use, environmental issues, animal rights, and supporting the separation of Church and State. I lead a MeetUp group for Freethinking Atheists. Did not have children, but have a stepdaughter and step-grand daughter. I live in a semi-rural, wooded community on a small acreage, and feel fortunate to live in such a beautiful (mountains and ocean not too far away) and Progressive state. My hobbies are hiking, reading about how people think/the brain/belief/nature, dog training, and fitness (to stave off the worst problems of age as long as possible). PS Still have longish, blondish hair, though now, of course, have to get it colored over emerging grey, and cut it a little shorter every year, as texture changes. But feel lucky to have relatively good health, since life takes its tolls.

Biography:

(7/8/2017 11:16:17 AM) After graduating from Elgin Community College in 1969, I have been a registered nurse practicing in surgical, cardiac, LTAC, rehab, and several of the other areas that nursing impacts. I was blessed to marry my soul mate, Jim Kramp in 1970. We shared 45 terrific years before his passing in 2015. Our three beautiful children (his, hers, and theirs), Patrick, Katherine, and Matthew, have given us nine grandchildren and one great-granddaughter. They are the joys of my life. I am now semi-retired, living in Florida near my daughter and her family. I enjoy gardening, reading, crocheting, walking,

traveling to and from Elgin, where my late older son's family live, and visiting Taylor Michigan, where my younger son and his family live. I love the Sunshine State; quite certain I am solar powered. Between working, raising a family, and helping Jim run his injection molding company, I have traveled a fair amount of North America as well as Germany for our older son's wedding. But I have one more big trip planned in near future. I am going to Great Britain in the next 12 - 18 months to see England, Scotland, Wales, Ireland - all those cool places I have read about in novels for years. Maybe then I will be ready to actually "retire", although I'm not quite sure I know what that means! Praying for direction to the next stage of my life. (2/28/2017 10:10:15 AM) Lived and worked as a registered nurse in the Elgin vicinity until 2011 when we moved to Florida. Now widowed after forty-five years married to the world's greatest guy, Jim Kramp. Three children, nine grandchildren and one great- granddaughter. Semi-retired, but always into something! Enjoy sunshine, walking, crocheting, reading, gardening, music and learning new things. This will be my first time attending a class reunion; looking forward to it. Hope I can recognize some lovingly remembered faces!

Short After graduating from the University of Michigan, I went to the University of Pennsylvania in Philadelphia where I did a MA and a PhD degree in sociology. I taught at Stockton State College for five years and then did a graduate fellowship at Columbia University that took my husband, Frank Lipsius, and me to Hungary for a year. When we returned, we lived in New York for ten years and then moved to Philadelphia to raise our two sons. In Philadelphia, in 1990, I founded a parenting magazine, MetroKids, which is still publishing monthly after 27 years, with 90,000 print copies in circulation in three editions in Pennsylvania, New Jersey and Delaware. The staff of a dozen runs pretty much autonomously now and I spend time in both Philadelphia and New York. I have two sons, one is finishing a Ph.D. in economics at the University of Michigan and the other is a management consultant at Boston Consulting Group. My husband Frank runs a 60-year-old Philadelphia record label and music publishing company that is now putting out 45 RPM vinyl records again!

Short My roller coaster ride called "life" has been amazing, unexpected, and completely
Biography: unplanned! Guess what...I did not become the Becky Homecky with 2.3 kids, a dog, and a spouse...I do, however, have one great son and a very loyal dog who thinks the son rises and sets on my head...smart dog!! Also, my son blessed me with a very sweet daughter-in-law (Thank You, God) and three precious grandchildren, with whom I spent the first 6 1/2 years of their lives living with and taking care of, as their Nana. This was, by far, one of the most rewarding times of my life...after raising my own son, of course! Anyway, after Elgin and The University of Iowa, I have lived in Iowa, Wisconsin, Colorado, Wisconsin, Texas, and Wisconsin...in that order!!! The tales are too long to tell right now, soooo, you'll just have to wait until August! All I will say, though, is that living in Green Bay, as I do now, with all it's Packer Mania, is quite an experience!!! Add Door County to that, and I have found there is lots of fun to be had in a beautiful location. Well, people, this is supposed to be short, so my rambling is at an end. I look forward to seeing many of you at the reunion...have a blessed summer until then. Take care, all, Gail Shoenthal Lundin

We're all Chicago Cubs fans. Career: I am a longtime travel writer/editor with a passion for travel and writing. Whether it's a driving trip to southern Indiana or a cruise to the southernmost tip of South America, I'm always ready to pack my bags. In addition to my job as managing editor of magazines published by Premier Travel Media, I recently became editor of Cruise Travel magazine, so now I have two full-time jobs. Retire? I don't think so. In the little downtime I have, I like to bake cookies, cakes, muffins, pies and banana bread while watching Fox News, CNN and C-Span.

Short Biography: I graduated from Elgin High in 1967. I am now an English teacher in Bangkok, Thailand. I have lived in Bangkok for 12 years. I have been an English as a Foreign language teacher for over 17 years now. I love my job & the people that I work with. I have a wonderful family. I have been married to a fantastic Thai woman-Ann-for 10 years. We have a great daughter who is now 9 years old and attends St. Joseph School for Girls in Bangkok. Previous to Thailand, I worked in Japan for 5 years. Japan is where I started my teaching career. After I graduated from EHS, I moved to Chicago & attended Loop College for two years. I discovered I had a knack for writing, married a Chicago girl & we decided to move to San Francisco to attend San Francisco State University. I graduated from there with a degree in Liberal Arts/Journalism. My first marriage broke up finally. I spent several years playing Rock music-guitar in a band. I still fool around with Blues guitar & am learning to play harmonica. I was making a living as a tour guide at Alcatraz during this time in San Francisco among various other jobs. Finally, I gave up on music & left California for Japan. I loved the time I spent there & all the wonderful people I met on the way. I visited Thailand many times on holiday from my teaching job in Japan. I decided to try something different & moved to Bangkok 12 years ago to practice my teaching skills. I met my wife Ann on the job teaching at FWD Insurance Co. We married in 2007. I mainly teach foreigners from Europe, the Mideast & Asia who are here on business or a student visa. At night, I teach Corporate/Business English at a Thai Marketing Company. I am quite satisfied with the way things turned out. I guess I left Elgin decades ago but I still look back at those challenging but fun years with warm memories. And I will always love and be loyal to that great, old school where I learned English from great teachers like Mrs. Kuntzelman, Mr. King & Mr. Daniels. I know that I owe them a lot. I am still FB friends with some of my old classmates from EHS.

Short Biography: After working for Jewel Foods for 43 years, and also being a realtor for 10 years, I finally retired in Nov. 2015, and 10 days later, after loading our Pod, we moved to Mn. to be near

our son and his family. Our son is a former professional baseball pitcher, having been a 3rd round draft pick for the Colorado Rockies. His baseball career ended with shoulder surgery in 1999. He has been a police officer in Edina, Mn. for 16 years, earned th Officer of the Year award, and was recently promoted to detective. We just celebrated our 49th wedding anniversary, and plan to cruise to Hawaii for our 50th! We have 9 grandchildren and 5 great-children! Of our grandchildren, the oldest (30) is in the Air Force, flying in the CV-22 Osprey and has been deployed 5 times, the next (28) is a math teacher at Streamwood HS and a basketball and baseball coach, one is still in college, one (18) is a professional model, having worked in NY, LA and London, and the youngest are 8 year old triplets! Our oldest G-Grandchild is 9 and the youngest is 3 weeks old! We have traveled back and forth between Elgin and Mn. for 16 years, and will continue to do so and long as we're able. My dad (94) still lives in Elgin as do many of our grandchildren and G-grandchildren. My hobbies include traveling, sewing, quilting, gardening, reading and babysitting.

Short Biography: Barb and I met in Spanish class in 1966. We married in April 1968. Completed my MBA in 1983 and left the corporate world in 1985 to start my own business. Awarded 3 patents and traveled extensively in my corporate career but realized the politics of the corporate life was not for me so I hung up my suits and put away my briefcase and never looked by.30 years later We retired to Minnesota to be closer to our son and family.We have 9 grandchildren and 5 great grandchildren who all " like me best " (Barb thinks it her though). Our son is a former pro-ball player who went on to a career in law enforcement after a shoulder injury ended his baseball career. He is a decorated detective and spent a three-year assignment on a federal taskforce where he earned commendations from the government for his work in taking down an international crime ring.Our oldest grandson is a special operator in the Air Force having served 5 combat tours and has been awarded numerous air medals and the ACM. I enjoy getting to "hangout "with him and the other true heroes he serves with. Our second grandson is a High School math teacher and assistant varsity baseball coach. Our sixth oldest grandson is a professional model and has worked in California, New York, and London. His future plan is to go into law enforcement like his Dad. We are grandparent of triplets who are now 8 years old and two are hockey players and one is a gymnast/swimmer. We enjoy being their biggest fans! My hobbies include chasing Barb around the house, being a nuisance for my grandkids, fishing with my son, and working with Backing The Blue Line, providing help to the families of fallen officers. My plan is to live to a ripe old age so my son has to change my diaper! I wish all of you good health, and a safe, prosperous future!

I have worked as a National Credit Manager for 17 laboratories. At one point in time my job realm included heading the Purchasing and Payable departments also. I have raised 2 children and I have 3 Grandchildren. I have enjoyed the past years since I have been out of school raising my family, working, enjoying time with my husband, Ed and owning a variety of dogs. I now have 3 dogs that I enjoy. I stayed living in and around the area I grew up in. It amazes me how different school rules have become and I have often wondered if I would have had a different outlook on school if these changed rules were in place in my school years. I really disliked school and I do feel the proper guidance from counselors would have helped me along better. I am looking forward to our upcoming reunion in hopes that I am able to recognize many friends from the past.

Short Biography: Well – What a long strange trip it’s been. I left Chicago 4 days after graduating from law school and headed west where I looked for a hunting and fishing lodge which my dad would buy and we would run it with my brother and my friend, Jim. A number of friends said I was crazy to leave my family, the love of my life, a nice job offer at a local law firm and the chance to dabble in real estate with my broker’s license. But – a dream is a dream. We searched for 3 months and almost committed to a place in Montana next to the Bob Marshal Wilderness, but it did not happen. I broke away from that effort and chose Seattle as a place to start a different life. Got a job and my wife (then my girlfriend) moved out here and we got married. I became a partner at the firm, bought out the others, owned my own firm for 25 years and finally sold it to a firm out of Denver. I still work part time for that new firm. Kathy and I had 2 sons who have given us 4 grandchildren. Kathy watches the younger ones 2 days a week and I help getting them to pre-school. They all live within 20 minutes of us and that is a great blessing. We also have wonderful friends here and (except for the traffic which is the 3rd worst in the county) there is not much I would change. I have been blessed beyond imagine.

I thought about sharing my work history, continued education, etc., and decided it doesn't matter anymore. So, I'm sharing this... I've lived a full life and was blessed with three wonderful children (one son and two daughters) and three equally wonderful grandchildren (one granddaughter and two grandsons). I've gradually been checking things off my "bucket list" over the years such as crewing on a hot air balloon team as well as taking a ride in one (loved it!), buying a motorcycle (800cc) and taking a trip on it, and finding my ideal retirement home which is in the south, of course. I'm on the waiting list for an Elio (an enclosed three-wheel motorcycle that can be ridden year-round). Once I have that, I'll be doing a lot more visiting and traveling. Watch out for motorcyclist...one could be me!

Biography:

I worked my way through Northern Illinois University and graduated in 1971. A high lottery number spared me from Vietnam. I continued working in construction until the bottom fell out in 1982 and then started driving semi-trucks over the road. In 1984, I began working with the USPS and retired in 2010. Enjoying the grandchildren and travel; Mexico, Canada, and the USA, but not much further. I coached my grandson's 8th grade basketball team this winter, oh to be able to jump again. My son is 38 years old and my two lovely stepdaughters have provided me a grandson and three granddaughters. I have enjoyed working on this Reunion, it has been a constant source of amusement and nostalgia. Most of the material for the website had come from Our Yearbook. This in turn has spawned many shared images from all of you. I thank you for that! Thanks to Ron Ainsworth for chairing another successful Reunion, our 50th. Thanks to Cal Moy for his internet savvy and data processing wizardry. Thanks to Dave Lohs for his support in keeping our memorial page up to date and assisting with his donations of time and money. Thanks to the senior members of our Reunion Planning Group: Bonnie (Born) Hill, Bob Bruskevitz, Mark Coleman, Kevin Combest, Randy Lathrop and our new additions; Judi Christian Muschoot, Cheryl Gromer Landeck, Dennis Hewitt, Jim Mcmanamon and Keith Wodarski. Jerry Turnquist deserves special recognition for organizing most of Friday's events and leading the Bus Tour. A special salute to Bruce Bovin, Randy Lathrop and Debbie Shaw DeHaven for their great prizes and donations. And a special thanks to our "Don King" of golf outings, Randy Lathrop. Bowes Creek CC will never be the same. A special mention to our banquet speakers Mark Coleman, Dennis Hewitt, and Ray Strahl for their contributions.

Short Biography: After barely graduating from E.H.S. I bummed around for a year (flunked out of E.C.C. no mean accomplishment), joined the Air Force, built bombs for 18 months in 'Nam (IYAAAYAS ; Google it) and finally grew up. Got through N.I.U. in three years and met great lady who I married and has been crazy enough to stay with me for 41 years. Two wonderful daughters who are successful, strong women and two great Son-In-Laws and proud grandfather of Aidan Thomas Shaughnessy born 11-6-2010, Owen Patrick Shaughnessy born 6-30-2013, and Henryk Johan Vanderglas born May 8, 2016. After N.I.U. I went to work for a printing company, got my M.B.A. (from Lewis U.) and worked 39 years in the printing / packaging business until I retired in 2013. Most unusual is I have a time machine (1964 Ford Galaxie) that takes me back to 1967 whenever I can find the time to work on it or race it.

Short
Biography: After graduating from EHS, I attended ECC for 2 years. I then went to ISU and earned my BS in education (majoring in math). In that summer of 71 I married Linda Oneal. I met Linda at ECC (she had graduated from Conant HS in1966). That fall I started teaching math at Dundee H.S. I taught there for 5 years and also coached basketball. In the spring of 1975, I moved on to a brand-new school named Jacobs H.S. in Algonquin. There I continued to teach math and coach along with being involved in many school activities. Linda also began teaching English at Frost Jr. High after we were married and continued through the spring of1980.In July of that year our daughter Kelli was born. For the next few years both Linda and I worked at our schools in similar ways and settled into our home in Algonquin. Then before we knew it , Kelli was done with both elementary and middle and headed to high school. By then I was done with coaching, but was still involved in other extra student

programs. Linda had added Dept. Head and the school musical to her duties. Soon Kelli had finished high school and was headed off to college at Illinois Wesleyan. A year later (1999) we sold our home and headed to Huntley for a new house. In the spring of 2002 our daughter graduated and that fall became a teacher (middle school math). She lived with us for a year or so and then moved into her own place. Then suddenly it was June of 2005 and after 34 years of teaching both Linda and I retired. We relaxed and traveled a lot that 1st year. During that time, we spent time in Florida and decided to buy a vacation home that we and our whole family could enjoy. In July of 2006 the family became a little bigger when Kelli was married to Brett Hager. Linda and I kept on going to Florida during the winter, and in 2008 sold our home in Huntley, but bought a smaller one in a Dell Webb community. In August of 2009 our grandson Mason was born. A few more winters followed in Florida. However, in 2017 we sold the place so we could spend more time in Huntley. We still plan to travel, but for us being with our family is our favorite place to be.

Biography:

After graduating college, I met, and married my husband (Wayne) of 46 years. Most of my early adult years were spent as an Air Force Wife. Traveling and raising 2 military brats (daughters). Packing and moving became routine. I loved volunteering on base and around the places we lived and met some amazing people. Upon our retirement from the Air Force we settled in Albuquerque, NM for 20 years. We saw both girls grow up, marry and start families of their own. We are now blessed with 4 wonderful grandchildren (Hannah, Rachel, Ender and Leela). Upon retiring from Sandia National Labs in 2014, we moved to our lake home in Northern Wisconsin. We now enjoy entertaining family (including our Air Force Family) and friends in the summer and traveling south in the winter. There are still a few places left on our list to visit. It has been a great life thus far.
